Congress of the United States
Washington, DC 20515

April 26, 2007

The Honorable George W. Bush
President of the United States
The White House
1600 Pennsylvania Avenue, NW
Washington, D.C. 20500

Dear Mr. President:

The Kingdom of Morocco, one of our oldest and closest allies, recently submitted a proposal to resolve the three decade long struggle over the Western Sahara. This historic initiative grants profound local autonomy to the Western Sahara while recognizing Morocco’s territorial integrity. This compromise is a breakthrough opportunity to find an enduring political solution, and U.S. support is critical to its successful implementation.

As you know, the conflict in the Western Sahara has gone on for too long at great humanitarian cost. Since the 1991 UN imposed cease-fire, all efforts to provide a realistic and durable solution to the conflict have failed. The new Moroccan proposal provides a realistic framework for a negotiated political solution, which is the best way to ensure a lasting peace for all parties.

The United States has a major national security interest in the stability and economic prosperity of North Africa. With al-Qaeda and other terrorist groups expanding their presence into North Africa, we are concerned that the failure to resolve this conflict of more than 30 years poses a danger to U.S. and regional security, while simultaneously preventing the economic integration of the Arab Maghreb Union.

The Moroccan autonomy proposal constitutes an historic opportunity for the United States to help end this problem and provide a better future for the entire region. We urge you to embrace this promising Moroccan initiative so that it receives the consideration necessary to achieve international acceptance.

Sincerely,
